Parties Do Good Work.

At the flag raising celebration and block party held Saturday night in 122d street, between Second and Third avenues, \$46 was voluntarily given for the \$240,000 line but more than half way to the next thousand dollar mark. It's mounting steadily and consistently, being represented in appropriate costumes.

alone thankful but they are proud of the work of the home folks.

The words of praise and thanksgiving which come from Over There, coupled with the glorious reports of the operations of our fighting forces, are all that is needed to keep the army of givers spurred on, and the impetus long since gained in this great progressive movement will be continued long after the \$350,000 top has been passed. The climb has only just begun.

Mrs. Shuman sang "The Star Spangled Banner," Professor Smith's Band and Professor J. Adond's Electrical Band played, and patriotic addresses were made by Mrs. Laura B. Prisk, mother of National Flag Day; Christopher Farret, commander of Peter Cooper Post, G. A. R.; and representatives of the National Security League and the American Defence Society. Father Flood of the Holy Rosary Church blessed the flag, on which were seventy-five blue stars and three white stars, the latter representing the men who have given their lives for the country.

For several days we have been having cold, blustering rainstorms. Our particular sector ing ramstorms. Our particular sector is fairly quiet—that is quiet as compared with some spots along the line. We get a few shells right along, and Fritz seems to have a few machine guns in the neigh-borhood; also a few 'roundheads' who imagine that they are snipers (which they are not), but in general it is quiet.

"I might say further that this outfit practically no sickness, but it is mighty hard to keep everybody good natured when we are having bad weather, little fighting and are out of tobacco!

"It would have done your heart good to have seen the grins to-day when the tobacco was sent down the line. If you can imagine a bunch of men in 'tin hats' and dripping slickers, each with a grin on his face from ear to ear, passing by a sergeant who is solemnly dealing out two sacks of tobacco to each man as he passes by, and then see him dive for a sheltered spot where they can 'roll one' without the rain ruining the paper, then the old question, 'Say, y'gotta match?' and the 'Gimme a light'—if you can picture all this to yourself then you can realize how much the boys in the trenches appreciate your donation to THE SUN Tobacco Fund. can imagine a bunch of men in 'tin hate
